

HONORING *our* PAST ENVISIONING *our* FUTURE

Phase One of the Capital Campaign Finish the Build

The month of July has been busy at the building site of our new church!

The steel structure of the new church is now complete! The wood trusses have been secured in the nave of the church and wood decking is being applied over the truss system. Metal decking is being completed around the lower levels of the roof and crews are putting the roofing system over the metal deck.

The steel structure of the administration building is being erected with the secondary framing and roofing slated to begin by the end of July.

The front parking lot is also being prepared to be paved sometime during the first part of August.

If you are interested in volunteering or making a pledge please contact St. Martha Capital Campaign office at 281-358-6637 ext. 285.
